

# Seeking Psychiatrist

For Face-to-Face &/or Telehealth  
Contract

## FLEXIBILITY, AUTONOMY, COMPETITIVE REMUNERATION.

**Position:** Psychiatrist (flexible contract)

**Location:** Face to Face in Hamilton, Newcastle (food, coffee, convenience!) and/or Telehealth

Are you a caring, compassionate Psychiatrist ready to trailblaze in our practice, and really make a difference? Life Matters Psychologists is seeking a friendly professional to join our team in Hamilton, Newcastle. This flexible contracting position is perfect for both new graduates and experienced specialists.

### Why Choose Us?

We are a bubbly, smart and innovative team who love to develop new clinical ideas into services and programs that make mental health more accessible, human-focused and interesting. We deliver quality Assessments, Therapy and Online Programs that nurture the minds and lives of thousands of people. We encourage you to check us out at [www.lifematters.com.au](http://www.lifematters.com.au).

We are lucky to offer -

- Exceptional Support Teams: Administration, Client Care, Marketing, Business Development, Assessments Coordination and Mentoring
- A Thriving Referral Network: Benefit from a regular influx of new clients
- A Holistic Approach: Collaborate with our team of psychology professionals to provide high-quality, evidence-based care that's individualized and comprehensive

### Key

### Responsibilities

As a Psychiatrist at Life Matters, you'll conduct comprehensive psychiatric assessments and evaluations of clients, including clinical interviews, psychological assessments, and diagnostic evaluations. You'll work closely with our multidisciplinary team to develop and implement personalized treatment plans, integrating evidence-based therapeutic interventions to enhance the mental health and well-being of our clients.

### Requirements

- Medical degree and specialist training in Adult Psychiatry
- Current registration with the Royal Australian & New Zealand College of Psychiatrists (RANZCP)
- Minimum of 2 years of experience in adult psychiatry
- Demonstrated knowledge of evidence-based practices in adult psychiatry
- Excellent communication, interpersonal, and time management skills

### Desired Qualities

The ideal candidate will have a strong background in psychiatry and a passion for client-centred care. Excellent communication and interpersonal skills are essential. Experience working with diverse populations, including LGBTQIA+ individuals, is highly desirable.

### Benefits

- Excellent earning potential of up to \$2,700 per day
- Flexible working arrangements: Pick your hours, face-to-face or telehealth
- Ongoing professional development opportunities
- Positive workplace culture that values work-life balance and 'family first'
-
